Such appointee shall serve until the next general municipal or statewide election, at which time an election shall be held to fill the unexpired term.

2.104 Meetings

[First paragraph to be inserted from either 17.119 or 17.120 depending upon the method of election of supervisors on 12/31/80]

Notice of any meeting at a place other than the legislative chamber in city hall shall be published at least 24 hours in advance of such meeting. 2.105 Quorum

The presence of a majority of the members of the board of supervisors at a regular or special meeting shall constitute a quorum for the transaction of business. In the absence of a quorum, a smaller number of members may compel the attendance of absent members in the manner and under the penalties established by the board of supervisors.

2.106 Calendar of Agenda Items

A written agenda clearly and concisely describing each item of business to be considered at a regular or special meeting of the board of supervisors or any of its committees shall be made available to the public prior to the commencement of such meeting. In the case of the board of supervisors, such agenda, together with a statement of the time and place at which copies of proposed ordinances and resolutions may be obtained, shall be published at least one business day before each regular meeting, and each special meeting of the board of supervisors.

2.107 Ordinances and Resolutions

The board of supervisors shall meet and transact its business according to rules which it shall adopt.

The board of supervisors shall act only by written ordinance or resolution, except that it may act by motion on matters over which the board of supervisors has exclusive jurisdiction. An ordinance or resolution may be prepared in committee and reported out to the full

ARTICLE II

LEGISLATIVE BRANCH

2.100 Composition

In order to provide in this Charter for the method of election, numbers of supervisors, dates of elections, and all other provisions included in Article XVII at Sections 17.119 or 17.120, and in accordance with the method of election most recently approved by the voters of San Francisco, the drafters of this Charter specify the following:

The city attorney shall obtain a certification from the secretary of state of the State of California regarding the controlling provision in the San Francisco Charter governing the method of elections of members of the board of supervisors of the City and County of San Francisco in effect at 12:00 noon December 31, 1980; and if the method of election of members of the board of supervisors as established in the 1932 Charter as amended is solely by supervisorial districts established by geographic boundaries then the provisions contained in Article XVII Section 17.119 shall govern and the provisions of 17.120 shall be of no force and effect and shall not be part of the revised Charter of the City and County of San Francisco as approved at the general election on November 4, 1980; and if the method of election of members of the board of supervisors as established in the 1932 Charter as amended is by any other method of election then the provisions contained in Article XVII Section 17.120 shall govern and the provisions of 17.119 shall be of no force and effect and shall not be a part of the revised Charter of the City and County of San Francisco as approved at the general election held on November 4, 1980.

board for action. Except as otherwise provided in this Charter, passage of an ordinance or a resolution shall require the affirmative vote of a majority of the members of the board at each required reading.

An ordinance shall deal with only one subject matter, except that appropriations ordinances may cover appropriations with respect to any number of subjects. The title of each ordinance shall clearly reflect the content of the ordinance.

Except as otherwise provided in Sections 2.109 and 2.110, passage of an ordinance shall require two readings at separate meetings of the board of supervisors, which shall be held at least five days apart. If an ordinance is amended at its second reading, the ordinance shall require a further reading prior to final passage. Resolutions shall require only one reading and may be adopted upon introduction without reference to committee by unanimous affirmative vote of the members of the board of supervisors who are present, but in no event less than a quorum.

All ordinances, other than emergency and urgency ordinances, shall take effect on the specified date, but not earlier than 30 days following the date of passage. Resolutions may take effect immediately upon passage, or at such other time as shall be specified in the resolutions. No ordinance granting a franchise may be passed within 90 days of its introduction.

2.108 Veto Override

The board of supervisors may enact an ordinance which has been vetoed by the mayor pursuant to Section 3.103 if, within 30 days after such veto, not less than two-thirds of the board of supervisors shall vote in favor of such ordinance, except as provided in Section 9.104.

2.109 Emergency Ordinances

An emergency ordinance may be passed in cases of public emergency affecting life, health or property. Emergency ordinances shall require only one reading, and the affirmative vote of two-thirds of the board of supervisors shall be required for the passage of an emergency ordinance. The form and manner of introduction of an emergency ordinance shall be as required for ordinances generally, and in addition an emergency ordinance shall contain: 1) a declaration setting forth the existence of the emergency; 2) a clear and concise description thereof; and 3) an explanation of how the measures in the ordinance will address the emergency.

An emergency ordinance shall be effective upon passage and shall automatically terminate on the 61st day following passage. An emergency ordinance may be reenacted upon the same terms and conditions applicable to its initial enactment. Any appropriation contained in an emergency ordinance shall be deemed to be an amendment to the final appropriations ordinance.

An emergency ordinance may suspend specific sections of this

Charter, but may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by any public utility for its services, set salaries, issue bonds, or buy, sell or lease land.

2.110 Urgency Ordinances

When expeditious legislative action is required in order to respond to an unanticipated event that is not a public emergency affecting life, health, or property, as provided in Section 2.109 of this Charter, the board of supervisors, after a public hearing, may adopt an urgency ordinance by the affirmative vote of two-thirds of its members after only one reading. An urgency ordinance shall be effective upon passage.

The form and manner of introduction of an urgency ordinance shall be as required for ordinances generally, and in addition, an urgency ordinance shall contain: 1) a declaration setting forth the extent of the urgency; 2) the reasons the urgency ordinance is necessary; and 3) the time during which the urgency ordinance shall be in effect. An urgency ordinance may include any necessary appropriations.

2.111 Records of Proceedings

The clerk of the board of supervisors shall keep a permanent public record of the proceedings of the board showing all action considered and taken, the text of ordinances and resolutions voted upon and the vote of each member of the board regarding any matter before the board. The clerk of the board shall cause the text of all ordinances or resolutions passed by the board to be readily available to the public.

2.112 Rates, Fees and Similar Charges

The board of supervisors may review and reject any rate, fee, or similar charge established by any department, official, or board or commission pursuant to Section 4.102 (3) of this Charter, except those established by the port commission, or under the Refuse Collection and Disposal Ordinance of November 8, 1932 as amended. The board of supervisors shall determine by ordinance the rates, fees, and similar charges subject to its review.

No rate, fee, or similar charge determined by the board of supervisors to be subject to its review shall take effect for 30 days following adoption by the department, board, commission or official having responsibility for such rate, fee, or similar charge. Unless rejected by the board of supervisors within 30 days following its adoption, such rate, fee, or similar charge shall be deemed approved; provided however, that it shall require a two-thirds vote of the board of supervisors to reject any schedule of rates, fees or charges adopted by the airport commission.

2.113 Sale or Lease of Real Property

Any lease of real property for a period of ten or more years under which the City and County is a lessor, and any sale of real property owned by the City and County, shall be approved by resolution of the board of supervisors, prior to such lease or sale. Leases of property under the jurisdiction of the port commission for maritime use shall be exempt from the requirements of this Section 2.113.

2.114 Abandonment of Transit Routes

Any abandonment of a transit route by any department of the City and County shall be reviewed for approval or rejection by the board of supervisors in a manner prescribed by ordinance.

2.115 Fidelity Bonds

2.116 Hearings, Inquiries and Investigations

The board of supervisors may require periodic or special reports of departmental costs, operation and expenditures, examine the books, papers, records and accounts of, and inquire into matters affecting the conduct of any department or office of the City and County, and for that purpose may hold hearings, administer oaths, and subpoena witnesses and books, papers, and other evidence. It shall be the duty of the chief of police to designate a police officer to serve subpoenas. Any person refusing to comply with actions of the board of supervisors taken pursuant to this Section 2.116 shall be deemed in contempt and subject to proceedings and penalties as provided by law.

The board of supervisors may delegate its powers under this Section 2.116 to a duly constituted committee of the board of supervisors or to a board or commission of the City and County.

2.117 Declaration of Policy

By the affirmative vote of one-third of the board of supervisors a declaration of policy may be submitted to the voters. Upon approval by the voters, the board of supervisors shall within 90 days of such approval take such actions within their powers as shall be necessary to carry such declarations of policy into effect.

A special municipal election shall not be called with respect to a declaration of policy.

2.118 Legislative Referendum

By the affirmative vote of one-third of its members, the board of supervisors may submit to the voters any matter on which the board of supervisors is empowered to pass.

2.119 Non-Interference in Administration

Except for purposes of hearings, inquiries and investigations, the board of supervisors, its committees and members shall deal with administrative matters of the City and County for which elective officials are responsible, solely through the official concerned. Neither the board of supervisors, its committees nor any of its members shall have any power or authority with respect to any appointment, promotion, compensation, disciplinary action, contract, requisition for purchase, or other administrative recommendation or action of department heads or other appointed officers under elective officials. The board of supervisors shall deal with administrative matters of the City and County only in the manner prescribed by this Charter, and any violation of this prohibition shall constitute official misconduct. Notwithstanding this Section 2.119, a member of the board of supervisors may comment on administrative matters at a public meeting or through a letter, with a copy of such letter filed with the clerk of the board of supervisors, and made available for public inspection.

The board of supervisors shall appoint and may remove a clerk of the board who shall have charge of the office and records of the board and

its committees and its classified staff. The clerk of the board shall keep a public record of the proceedings of the board as provided by Section 2.111 of this Charter and shall keep properly indexed files of all ordinances and resolutions. The salary of each such elected official shall be consistent with the responsibilities of the office. Salaries established by the board of supervisors for its members shall not take effect until approved by a majority of the voters at the next succeeding general municipal or statewide election.

The board of supervisors shall establish the compensation of members of boards, commissions and other units of government of the executive branch of the City and County. All such members shall receive equal compensation per meeting for their services.

ARTICLE III

3.102 Vacancies

If the mayor should be temporarily disabled, the president of the board of supervisors shall act as mayor until such time as the mayor shall return to office.

If the office of mayor should become vacant because of death, resignation, permanent disability or the inability to carry out the responsibilities of the office, a mayoral election shall be held at the next general municipal or statewide election to fill the balance of the mayor's unexpired term. Any ordinance or resolution passed by the board of supervisors shall be promptly delivered to the mayor for consideration. If the mayor approves the ordinance or resolution, the mayor shall sign it and it shall become effective as provided in Section 2.107 of this Charter. If the mayor disapproves the ordinance or resolution, the mayor shall promptly return it to the board of supervisors without the mayor's signature, accompanied by a statement indicating the reasons for disapproval and any recommendations which the mayor may have. Any ordinance or resolution so

EXECUTIVE BRANCH - BOARDS, COMMISSIONS AND DEPARTMENTS

4.100 General

In addition to the office of the mayor, the executive branch of the City and County shall be composed of departments, other units of government and appointive boards, commissions, and other units of government. To the extent law permits, each appointive board, commission, or other unit of government of the City and County of San Francisco established by state or Federal law shall be subject to the provisions of this Article and this Charter.

4.101 Boards and Commissions - Composition

Unless otherwise provided in this Charter, the composition of each appointive board, commission or other unit of government of the executive branch of the City and County shall:

- 1) be representative of the communities of interest and diverse population in the City and County and have representation of both sexes;
- 2) consist of electors at all times during the term of their respective offices.

No person shall serve as a member of an appointive board, commission or other unit of government for more than two successive terms. Any member of an appointive board, commission or other unit of government whose term has expired may serve until a successor is appointed, but may not serve more than two successive terms.

Vacancies on appointive boards, commissions or other units of government shall be filled for the balance of the unexpired term in the manner prescribed by this Charter or ordinance for initial appointments.

In cases where this Article provides for the appointment of members of a board or commission for staggered terms, such board or commission shall be divided into categories I through IV, respectively. In cases of a board or commission with (i) five members, category I shall have two members, (ii) seven members, categories I, II, and III shall have two members and (iii) 15 members, categories I, II and III shall have four members and category IV shall have three members. Otherwise, each category shall have only one member.

The terms of members in categories I, II, III or IV shall end on the Sunday preceding the second Monday in January of 1984, 1985, 1982 and 1983, respectively, and every four years thereafter.

4.102 Boards and Commissions - Powers and duties

Unless otherwise provided in this Charter, each appointive board, commission or other unit of government of the executive branch of the City and County shall:

- 1) Formulate, evaluate and approve goals, objectives, plans and programs and set policies consistent with the overall objectives of the City and County as determined by the mayor and the board of supervisors;
- 2) Review and approve the applicable departmental budgets prior to submission to the mayor, and any budget modifications or fund transfers requiring the approval of the board of supervisors;
- 3) Establish rates, fees and similar charges with respect to appropriate items coming within their respective jurisdictions, subject to the discretionary review by the board of supervisors as provided in Section 2.112 of this Charter;
- 4) Conduct investigations into any aspect of governmental operations within its jurisdiction through the power of inquiry, and make recommendations to the mayor or the board of supervisors; and
- 5) Exercise such other powers and duties as shall be prescribed by the board of supervisors.

In furtherance of the discharge of its responsibilities, an appointive board, commission or other unit of government may:

- 1) hold hearings and take testimony;
- 2) retain temporary counsel for specific purposes, subject to the consent of the mayor after consultation with the city attorney.

No appointive board, commission or other unit of government shall involve itself in the administration of any department within its jurisdiction, except through the individual having administrative responsibility for such department.

4.103 Boards and Commissions - Rules and Regulations

Unless otherwise provided in this Charter, each appointive board, commission or other unit of government of the executive branch of the City and County shall:

1. Adopt rules and regulations consistent with this Charter and ordinances of the City and County. No rule or regulation shall be adopted, amended or repealed, without a public hearing. At least two weeks' public notice shall be given for such public hearing. All such rules and regulations shall be filed with the clerk of the board of supervisors.
2. Hold meetings open to the public and encourage the participation of interested citizens. Except for the actions taken at executive sessions, any action taken at other than a public meeting shall

be void. Executive sessions closed to the public may be held:

(a) to consider the appointment, employment or dismissal of a public officer or employee or to hear complaints or charges brought against such officer or employee, except when a public officer or employee being considered for dismissal requests a public hearing;

(b) to confer with legal counsel under circumstances in which the lawyer-client privilege may be invoked in conformance with state law; and

(c) to confer with the attorney general, district attorney, sheriff or chief of police, or their respective deputies, on matters posing a threat to the security of public buildings or a threat to the public's right of access to public services or public facilities.

3) Keep a record of the proceedings of each regular or special meeting. Such record shall indicate how each member voted on each question. These records shall be available for public inspection.

The presence of a majority of the members of an appointive board, commission or other unit of government shall constitute a quorum for the transaction of business by such body. Unless otherwise required by this Charter, the affirmative vote of a majority of the members shall be required for the approval of any matter, except that the rules and regulations of the body may provide that, with respect to matters of procedure the body may act by the affirmative vote of a majority of the members present, so long as the members present constitute a quorum. Each member present at a regular or special meeting shall vote yes or no when a question is put, unless excused from voting by a motion adopted by a majority of the members present.

4.104 Planning Commission

General

The planning commission shall consist of seven members appointed by the mayor for staggered four-year terms. Members may be removed by the mayor for cause.

The planning commission shall nominate a director of planning. The mayor shall appoint or reject the planning commission's nominee. The director of planning may be removed by the planning commission. The director of planning shall be chosen on the basis of administrative and technical qualifications, with special regard for experience, training and knowledge in the field of city planning.

General Plan

The planning commission shall adopt and periodically revise, after public hearing, a proposed general plan consisting of goals, policies and programs for the future social, economic, and physical development of the City and County. Before the proposed general plan or any revisions thereto shall become effective they shall be submitted to the board of supervisors for its approval or rejection. If the board of supervisors

shall fail to act within 90 days, the proposed general plan or amendments shall be deemed approved. The planning department shall periodically prepare special area, neighborhood and capital improvement plans designed to carry out the general plan, and periodically prepare implementation programs and schedules which link the general plan to the allocation of local, state and Federal resources. The planning department may make such other reports and recommendations to the mayor, board of supervisors and other offices and governmental units as it may deem necessary to secure understanding and a systematic effectuation of the general plan.

In preparing any plans the planning department may include plans for systems and areas within the Bay Region which have a planning relationship with the City and County of San Francisco.

Referral of Certain Matters

The following matters shall, prior to passage by the board of supervisors, be submitted for written report by the planning commission regarding conformity with the general plan:

1. Proposed ordinances and resolutions concerning the acquisition of property by, or a change in the use or title of property owned by, the City and County;
2. Subdivisions of land within the City and County;
3. Projects for the construction or improvement of public buildings or structures within the City and County;
4. Project plans for public and private housing, or publicly assisted private housing in the City and County;
5. Redevelopment project plans within the City and County; and
6. Such other matters as may be prescribed by ordinance.

The planning commission shall disapprove any proposed action referred to it upon a finding that such action does not conform to the general plan. Such a finding may be reversed by a vote of two-thirds of the board of supervisors.

All such reports and recommendations shall be issued in a manner and within a time period to be determined by ordinance.

Permits and Licenses

All permits and licenses dependent on, or affected by, the zoning, or other ordinances administered by the planning department shall be approved by the planning commission prior to issuance. The planning commission may delegate this approval function to the planning department.

Enforcement

The planning department shall administer and enforce the zoning

and set-back ordinances.

Zoning Amendments

The planning commission may propose for consideration by the board of supervisors ordinances regulating or controlling the height, area, bulk, set-back, location, use or related aspects of any building, structure or land. An ordinance proposed by the board of supervisors concerning zoning shall be reviewed by the planning commission. Applications for the reclassification of property may be made by interested parties and must be reviewed by the planning commission.

Notwithstanding the planning commission's disapproval of a proposal from the board of supervisors or the application of interested parties, the board of supervisors may adopt the proposed ordinance; however, in the case of any proposal made by the application of interested parties any such adoption shall be by a vote of not less than two-thirds of the board of supervisors.

No application of interested parties proposing the same or substantially the same ordinance as that disapproved by the planning commission or by the board of supervisors shall be resubmitted to or reconsidered by the planning commission within a period of one year from the effective date of final action upon the earlier application.

Zoning Variances

The director of planning shall be responsible for the determination of all zoning variances. The director shall have the power to grant only those variances that are consistent with the general purpose and the intent of the zoning ordinance. The power to grant variances shall be applied only when the strict and literal interpretation and enforcement of the zoning ordinance would result in practical difficulties, unnecessary hardships or where the results would be inconsistent with the general purpose of the zoning ordinance. Decisions of the director of planning regarding zoning variances may be appealed to the board of permit appeals.

4.105 Board of Permit Appeals

General

The board of permit appeals shall consist of five members appointed by the mayor for staggered four-year terms. Members may be removed by the mayor for cause.

The board of permit appeals shall appoint and may remove an executive secretary.

The board of permit appeals shall hear and determine appeals with respect to any person who has been denied a permit or license, or whose permit or license has been suspended, revoked or withdrawn; or who believes that his or her interest or the public interest will be adversely affected by the grant, denial, suspension or revocation of a license or permit.

After a hearing and any necessary investigation, the board of permit appeals may concur in the action of the department involved, or by the affirmative vote of four members (or if a vacancy exists, by a vote of three members) overrule the action of the department upon a determination that:

1. The action was based upon an erroneous conclusion of law or understanding of a material fact;
2. The action was based upon an administrative rule or regulation that is clearly unreasonable as applied to the matter under consideration;

All amounts paid into the fund shall be maintained by the treasurer separate and apart from all other City and County funds and shall be secured by the treasurer's official bond or bonds. The fund shall be exempt from Section 17.103 of this Charter (specifically, Section 6.407 of the 1932 Charter). (2) Separate accounts shall be kept with respect to receipts and disbursements of each airport under the jurisdiction of the commission.

(b) Moneys in the Airport Revenue Fund including earnings thereon shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation

Morrison Planetarium and Auditorium, are the property of the City and County. However, the buildings and improvements, and the activities and personnel therein shall be controlled exclusively by the California Academy of Sciences, except that employees of the City and County shall be subject to the personnel provisions of this Charter and their compensation fixed in accordance with this Charter and City and County funds are subject to the financial provisions of this Charter.

The California Academy of Sciences shall submit to the mayor and board of supervisors an annual financial statement of its activities in connection with the operation of the buildings described in this Section 15.104.

15.105 Cultural, Educational, and Recreational Appropriations

The board of supervisors shall annually appropriate:

1) To the art commission, the revenue from a tax of one-half cent on each \$100 of taxable assessed valuation in the City and County for maintaining a symphony orchestra;

2) to the Asian art commission, an amount sufficient for the purpose of maintaining, displaying, and providing for the security of the City and County's collection of Asian art;

3) to the California Academy of Sciences, funds necessary for the maintenance, operation, and continuance of the Steinhart Aquarium. The board of supervisors shall have the power to furnish to the California Academy of Sciences such funds as the board shall deem proper for the maintenance, operation, and continuance of any or all other of the buildings and improvements placed under the control of the California Academy of Sciences;

4) to the fine arts museums commission, an amount sufficient for the purpose of maintaining, operating, providing for the security of, expanding, and superintending the fine arts museums and for the purchase of objects of art, literary productions, and other personal property;

A publicity and advertising fund shall be allocated to and administered by the administrative officer for the support of groups and organizations engaged in the arts, culture, and promotion. In making disbursements, the administrative officer shall consider recommendations provided by the art commission.

The publicity and advertising fund shall be computed as follows: A minimum of 20% of the receipts of any hotel occupancy tax shall be appropriated to the publicity and advertising fund. However, if the rate of such a hotel occupancy tax is greater than 8%, the rate of 8% shall be used to compute the receipts of the hotel occupancy tax for the purposes of this Section 15.106.

15.107 Open Space Acquisitions and Park Renovation Fund

There shall be an open space acquisition and park renovation fund, to be administered by the recreation and park commission. Monies therein shall be appropriated, transferred, expended or used as provided for herein for those recreation and open space purposes determined by the planning commission to be consistent with the recreation and open space element of the general plan of the City and County and in accordance with the "Recreation and Open Space Programs" to implement the recreation and open space element approved by the planning commission on July 19, 1973, as modified by a majority vote of each of the planning commission and recreation and park commission meeting jointly, and with the concurrence of the board of supervisors. The recreation and open space element of the comprehensive plan and the "Recreation and Open Space Programs," modified, shall continue to identify neighborhoods which are in special need of recreation and open space facilities, and shall designate such neighborhoods as "high-need neighborhoods." Monies in the open space acquisition and park renovation fund shall be used to acquire by purchase, lease, exchange, eminent domain or otherwise, real property, interests therein, and improvement and development rights thereon and to develop and maintain land so acquired. Lands currently under the jurisdiction of the San Francisco port commission may be acquired by lease or otherwise and may be leased and administered with the funds provided for herein for purposes consistent with this Section 15.107. The recreation and park commission and the San Francisco port commission are hereby authorized to enter into contracts appropriate to carry out the purposes of this Section 15.107.

There shall continue to be imposed, for a period of 15 years starting with the fiscal year 1975-1976, an annual tax of \$0.10 for each \$100 assessed valuation to be utilized for the purposes provided for in this Section 15.107. Revenues obtained thereby shall be in addition to, and not in place of, any sums normally budgeted for the recreation and park commission, and, together with interest earned thereon, shall be deposited into the open space acquisition and park renovation fund. In addition, all grants, gifts, and bequests paid to the City and County for open space acquisition and park renovation, and interest earned thereon, unless otherwise restricted, shall be deposited into the fund. Establishment of this fund is not intended to preclude any other similar programs or any similar use of funds by the City and County. All amounts paid into said fund shall be maintained by the treasurer, separate and apart from all other City and County funds, and shall be secured by the treasurer's bond.

Monies in the fund shall be used for: (i) the acquisition and development of lands within or contiguous to "high-need neighborhoods," or lands on the northern waterfront and bay shoreline for recreation purposes; (ii) the acquisition and development of properties within the City and County for open space purposes; and (iii) the renovation of existing parks and recreation facilities within the City and County.

Each year, monies in the fund shall be used to match, on a dollar-for-dollar basis, private funds, grants, or donations given to the City and County for the purpose of renovating existing parks and

recreational facilities up to an amount equal to 15 percent of the amount of the monies provided for the fund in that year. Each year, monies in the fund shall be used without a matching requirement for the purpose of renovating existing parks and recreational facilities up to an amount equal to ten percent of the amount of the monies provided for the fund in that year. Monies unspent in either category of this subsection after the end of one fiscal year shall be carried forward to the next fiscal year and shall be used only for the same purposes as they were originally set aside.

The remaining monies shall be used as indicated in the following two paragraphs.

In each of the first five years of the fund's existence, a minimum of 50 percent of the remainder of the monies in the fund shall be used to acquire real property, and at least 25 percent of the remainder of the monies in the fund shall be used for acquisition of properties within or contiguous to "high-need neighborhoods"; the balance of the remainder of the monies in the fund shall be used for administrative expenses and the maintenance and development of properties acquired through the fund.

At any time after the end of five years, the proportion of funds to be used for acquisition may be modified by the board of supervisors. At any time after the end of ten years, if the then current "Recreation and Open Space Programs" no longer shows any lands appropriate for open space and recreation purposes, then the limitation that funds may only be used for the maintenance and development of properties acquired from the fund may be modified in whole or in part by the board of supervisors to provide that funds may be used to expand the maintenance and development of other properties held by the recreation and park department in "high-need neighborhoods" identified in the then current "Recreation and Open Space Programs."

The recreation and park commission and the planning commission shall hold at least one joint public meeting annually and shall at such time receive and review a report from the executive of the recreation and park department on the implementation of the "Recreation and Open Space Programs," on expenditures made from the open space acquisition and park renovation fund, and on properties developed in the preceding year for recreation uses. The executive of the recreation and park department shall also make general recommendations of further lands for acquisition, improvement, or development for approval by a majority of each of the recreation and park commission and the city planning commission meeting jointly, and with the concurrence of the board of supervisors.

15.108 Recreation and Parks; Buildings and Lands

The responsibilities of the City and County with respect to recreation and parks shall be limited as follows:

1. No building or structure, except for nurseries, equipment storage facilities and comfort stations, shall be erected, enlarged or expanded in Golden Gate Park unless such action has been approved by a vote of two-thirds of the board of supervisors; and

2. No park land may be sold, or leased for non-recreational purposes unless approved by a vote of the electors.

15.109 Franchises

Franchises shall be granted by a competitive procurement process for not more than 25 years.

15.110 Citizen Participation; Publication of and Access to Public Documents

The publication of and full public access to public documents, except for those subject to confidentiality, shall be as required by law.

15.111 Financial Disclosure

All public officers, as defined by the laws of the State of California and including members of all boards, commissions and other units of government of the City and County, shall disclose financial information in accordance with state law. The registrar of voters shall maintain all such records and be responsible for the enforcement of this Section 15.111.

15.112 Conflict of Interest

Any elected or appointed official, and any employee of the City and County must disqualify themselves from making, participating in the making, or using their official positions to influence the making of any governmental decision which will foreseeably have a material financial effect, distinguishable from its effect on the public generally, on any financial interest as defined in Government Code Section 87103. No elected or appointed official, or any employee of the City and County shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the decision to be made. The fact that any elected or appointed official's, or employee's vote as a member of a multi-member body is needed to break a tie does not make such person's participation legally required for purposes of this Section 15.112.

15.113 Taxpayers' Suits

In the event that a taxpayer of the City and County institutes suit or other proceeding as provided by law against any officer, board or commission of the City and County in the name of the taxpayer on behalf of the City and County, the taxpayer shall be allowed costs and also such reasonable compensation for attorney's fees as may be fixed by the court if judgement is finally entered in the taxpayer's favor.

15.114 Severability

If any provision of this Charter, or its application to any person or circumstance is held invalid, the remainder of this Charter, and

the application of such provision to other persons or circumstances, shall not be affected.

15.115 Appendix A

The following sections of the Charter of 1932, as recodified in 1971, 1978 edition, as amended as of August 7, 1980, shall remain in effect as a part of this Charter as an "Appendix A," except that in instance of conflict or inconsistency between these sections of the Charter of 1932 and the body of this Charter, this Charter shall prevail, and subject to the following limitations and amendments:

- 5) The first paragraph of Section 8.407 of the Charter of 1932 shall be amended to read: "This section shall apply to all officers and employees except those whose compensations are specified in this Charter in Section 11.101, subsection (j), and those covered in Sections A8.402, A8.404, and A8.405. 17.105 Establishment of Audit Committee of the Board of Supervisors

On or before the operative date of this Charter and until this requirement is changed by the board of supervisors, the board of supervisors shall establish through its rules an audit committee which shall consist of the president of the board of supervisors, who shall serve as chair, and two other members of the board, appointed by the president. Members of the audit committee shall not be members of the finance committee; however, the chair of the finance committee shall serve ex-officio with no vote. The audit committee shall meet at least four times each year.

The audit committee shall:

- (1) Maintain a direct and separate line of communication between the board of supervisors and the City and County's independent auditor;
- (2) Meet with the independent auditor to review the audited annual financial statement and the auditor's report on such matters as the quality and depth of management, and compliance;

These offices shall have the functions, powers, and duties assigned by this Charter, and their initial terms shall expire on the second Monday in January of 1984.

The clerk of the board of supervisors serving on August 1, 1980 shall be appointed as clerk of the board of supervisors. This position shall remain a classified position as long as the person holding the position on August 1, 1980 remains in this position.

On the operative date of this Charter, the administrative officer shall be responsible for the following functions until they are reassigned by the mayor: the departments of public works, government services, purchasing, real estate, electricity, county agriculture, and weights and measures; the office of the coroner; the George R. In furtherance of this Section 17.107, in cases where boards and commissions are appointed for staggered terms and divided into categories, the mayor shall designate which incumbent members shall belong to categories I, II, III and IV, respectively.

Within 90 days after the operative date of this Charter, the mayor shall appoint sufficient members to boards and commissions to fill all vacancies which then exist because the number of members has been increased by this Charter. The mayor shall make such appointments for terms of such lengths that the provisions for length of terms contained in this Charter shall be fulfilled at the earliest practicable time.

17.103 Annual Report Required by Ordinance

As of the operative date of this Charter and until this requirement is changed by the board of supervisors, each board and commission of the City and County shall be required by ordinance to prepare an annual report describing its activities, and shall file such report with the mayor and the clerk of the board of supervisors.

17.109 Official Fidelity Bonds

The board of supervisors shall determine the initial fidelity bond requirements under this Charter within 90 days after the operative date of this Charter. Until the board of supervisors determines such requirements for officials of the City and County, the bonds existing on the operative date of this Charter shall be maintained.

17.110 Transportation and Municipal Utilities

The mayor and the board of supervisors may examine the public utilities commission including its departments and the department of public works. If it is determined that the transportation and utilities functions performed under the commission's jurisdiction and by that department would be performed to the greater benefit of the citizens of the City and County by reassigning those functions to departments to be known as the

departments of transportation and municipal utilities, the mayor and the board of supervisors may create such departments and reassign such functions to those departments. A commission of five members, subject in all respects to the provisions for commissions in Article IV of this Charter, shall be created for each department. Until such departments are created and such functions reassigned, the department of public works shall remain under the direction and control of the administrative officer.

If deemed necessary, the mayor and the board of supervisors may authorize a study of the public utilities commission and department of public works in furtherance of the above.

17.112 Protection of Incumbents

The changes in and transfers of functions, powers and duties which occur at the time this Charter becomes operative shall not affect or impair the rights or privileges of officers or employees of the City and County relating to appointment, rank, grade, compensation, tenure of office, promotion, discipline, removal, pensions and retirement, except as provided in this Charter and in no event shall such civil service rights to compensation and continued civil service status be impaired or reduced.

Whenever a position previously within the classified municipal civil service is, pursuant to this Charter, designated exempt from the civil service provisions of this Charter, the individual incumbent in such position at the time this Charter becomes operative shall be transferred to that position, but his or her civil service rights to compensation and continued civil service status shall not be impaired or reduced.

If by the terms of this Charter, or action taken by authority of this Charter:

1. All or substantially all of the duties of any position exempt from the civil service provisions of the Charter of 1932 are transferred to another office, agency, or department, that position shall be transferred to that office, agency or department and the person holding the position on the operative date of this Charter shall continue to hold the position and perform the duties in that other office, agency, or department subject to the provisions of this Charter;

2. The transfer of functions, powers or duties to offices, agencies and departments results in the modification or discontinuance of the duties of any position exempt from the civil service provisions of the Charter of 1932, the person holding that position on the operative date of this Charter shall be appointed to that position the duties of which, in the judgment of the mayor, are most nearly comparable to the duties previously being performed, and shall hold that position and perform the

functions and duties of the position subject to the provisions of this Charter;

3.
